

Advanced Advocacy Academy Ambassador (A4) Program

The A4 Ambassador Program is an advanced initiative that builds on the foundational skills acquired through the Global Liver Institute's Advanced Advocacy Academy (A3). Designed to equip graduates with the expertise needed to become leaders in liver health advocacy, A4 provides specialized training courses aimed at driving systemic change and making a lasting impact within the healthcare landscape. A4 empowers graduates of A3 to not only advance their own advocacy but also to lead broader initiatives that impact liver health on a global scale.

A4 Training Courses cover topics such as:

- Policy and legislative strategy
- AI in your healthcare journey
- Advanced communication skills
- Strategic leadership
- Mentorship and coaching
- Data-driven advocacy
- Disease state specific information and drug development
- Healthcare navigation
- Caregiver support

Elevate Your Advocacy, Lead the Change: **JOIN A4 TODAY!**
